PROFESSIONAL SUMMARY

Creative Tech Professional specializing in graphic design, brand identity, 3D visualization, web development, and software solutions. Bridging design and technology to create user-focused digital experiences, optimize workflows, and deliver efficient solutions for businesses.

EXPERIENCE

Freelance Graphic & 3D Designer | Yorik Production (Creative Studio)

May 2023 – June 2026 · Freelance

- Developed brand identities, marketing materials, and digital assets for clients.
 - Produce 3D product renders and mockups used in e-commerce and social media.
 - Reduced client revision cycles by 25% by integrating 3D previews early in the design process.
 - Manage end-to-end design projects from concept to final delivery across 2D and 3D.
-

PROJECTS

Mrem-Medicine Reminder & Adherence Tracking App | Kotlin, Supabase, Room DB

- Built a native Android app supporting both patient and doctor roles, with photo-verified dose confirmation and AlarmManager-based scheduling
- Designed and implemented a doctor dashboard (Active Meds filter, dose status indicators, Archive/History logic) alongside a patient-facing notification system
- Owned the full product cycle flowcharting, UI/branding, feature development, and bug resolution

Personal Portfolio | React, JavaScript, Vercel, OpenRouter API

- Designed and built a portfolio site in JavaScript/React, deployed on Vercel.
 - Integrated a custom AI chatbot into the site that answers visitor questions about my background and work, powered by GPT-OSS-120B (via OpenRouter API)
-

SKILLS

- Tech Stack: React, JavaScript, Kotlin, Python, HTML, CSS, Vite, PostgreSQL, MySQL
 - Soft Skills: Client communication, Deadline management, Problem-solving
 - Graphic Design: Typography, Layout, Brand Identity, Photo Editing
 - Software: Adobe Photoshop, Illustrator, Premiere Pro, After Effects
 - 3D: Modeling, Texturing, Rendering (Blender, SketchUp, Cinema 4D)
 - Microsoft Office: Word, Excel, Powerpoint
-

EDUCATION

ICT | Nuestra Senora De Guia | Marikina Campus

(2022 – 2024)
